Anti-Doping Results

The Royal Scottish Highland Games Association conducts anti-doping testing under the UK Anti-Doping programme.

Where an athlete has tested positive for a prohibited substance and the process is complete, the results will be published on the UK Anti-Doping (Sanctions) website, link below. The RSHGA may also publish the results on the RSHGA website.

Only positive results are published; results that are negative (i.e. no contravention) are not published.

RSHGA co-ordinates activities through its Anti-doping officer, email: *antidoping@rshga.org*

For information about the anti-doping regulations refer to UK Anti-Doping at their website:
