

RSHGA – How to Start Competing at Highland Games

Fees & Prizes Note:

(Check with secretary/handicapper for local arrangements):
Most events require athletes to pay to enter the games and usually have a 'per competition' small fee which is taken by the secretary / starter or handicapper. These fees help the events pay the prize money to athletes who win placings.
Most events also count towards the RSHGA leagues: these build up points for athletes who are placed, growing as the season progresses and in October awards are made to the athletes highest up the leagues, 1st-4th.
The RSHGA Registration fees help pay for the league prize money and anti-doping testing – only athletes with a full annual registration are eligible to gain league points and prize money

Handicapper / Entry Contact Information for Athletes - Season 2025
